

## City of Woodbury to provide E-Waste Recycling

The City of Woodbury is expanding its curbside recycling program by including electronic waste recycling. The program is designed to remove computers and electronic components from the waste stream. City residents are asked to be placed the items listed below out on their normal trash day for collection. All items will be taken to a NJDEP approved recycling facility for processing. Please call 856-853-0892 with any questions.
